Cancer Genetic and Genomic Laboratory (CGL) reports are deposited electronically in CAIS, CST Cerner and CareConnect. A paper copy of report is also mailed. If you receive your reports electronically, then you can now choose to opt out of receiving the additional paper copy of the report. If you wish to continue receiving a paper copy of the report, then no further action is required.

<input type="checkbox"/>	Please discontinue mailing the paper copy of the CGL report. I will view the report electronically in CAIS/CST Cerner/CareConnect.
